

THE CREATION OF THE BODY OF LIGHT (EMERALD TABLE)

Emerald Table and its relationship with the creation of the body of light and with the awakening of spiritual awareness:

THE EMERALD TABLE

"It's true, true and without error,
that everything that is above
is like what is below
and what is below is like
what is above,
to achieve the mysteries of
unity.

Her Father is the sun, her
Mother is the moon,
I carry the wind in his belly
and from him the earth has
been nourished.

You separate the subtle from
the thick, with industry and
sagacity:

it rises from earth to heaven
and from rejection it de-
scends to earth;

take this way of the superior
and inferior things;

you will have by this means
the glory of the whole world
and therefore, all darkness
will flee from you. "
